

Dear Mrs. Elaine Quek,

I would like to express my sincerest gratitude to you and your staff for accommodating the visit of my friend Ms. Karen Downey about two weeks ago.

She was overwhelmed by your systems, processes, people, pupils, environment, etc. etc., she said she did not have enough words to explain how thankful she was and that the visit had been a highlight of her trip, unexpectedly.

She was also very pleased with the materials that you have shared with her. The best words she said was that you were a personal inspiration. The warmth that you have shown her was un-expected and it made here really very happy.

She was hoping to be able to impart your vision to her staff when she gets back home. It made me proud too as a parent of a Chongzheng pupil, and please accept my personal thanks to you and your staff as well. I personally apologize for the short notice that I gave Cheryl and you for the visit.

Thank you again and my best wishes to your wonderful school!

Mrs. Ma. Leticia Sabaten
