

Dear Elaine,

Thank you for taking the time to visit with Judy and me this morning. It was truly a delight to see your school and talk with you. It is evident that you have established a school with high expectations for all, while creating a community in which members care about one another.

My visit to ChongZheng Primary School was the perfect ending to a perfect visit. I hope to return to Singapore in the future and would love to come back to see you. If you find yourself in the States, I would love to return the favor.

Thank you again for your hospitality and your generosity.

Ms Karen Downey
Principal
Louise A. Conley School
