# 30-Month Stay Requirement

A child who gains priority admission through their distance category is required to reside at the address used for registration for at least 30 months from the start of the P1 Registration Exercise, which is 29 June 2022.

All Identity Card (IC) holders, including Singapore citizens and permanent residents who are residing overseas, are required to report a change of residential address within 28 days of moving into a new (local or overseas) residence.

If the 30-month stay requirement is not met, MOE reserves the right to transfer the child to another school with vacancies, as the priority admission to the first school was based on the declared address used for registration.

For this year, children who had gained admission under **phase 2A and 2C** are bound by this requirement.
